PROFESSIONAL SUMMARY

Undergraduate Computer Science student at University of Sri Jayewardenepura with a strong foundation in Mathematics, Computer Science, and Statistics. Aspiring full-stack developer passionate about building clean, responsive, and user-friendly web applications. Experienced in problem-solving and analytical thinking, with hands-on experience in multiple programming languages and modern web technologies.

EDUCATION

University of Sri Jayewardenepura (USJ), Sri Lanka

BSc in Applied Sciences (Computer Science, Mathematics, Statistics)

2024 – Present | GPA: 3.27

Dharmasoka College, Ambalangoda, Sri Lanka

G.C.E. Ordinary Level (2019)

G.C.E. Advanced Level (Physical Science Stream, 2023/2024)

- Combined Mathematics: B
- Chemistry: B
- Physics: C

TECHNICAL SKILLS

Programming Languages: C, C++, Java, PHP, JavaScript

Web Technologies: HTML, CSS, React, Next.js, Tailwind CSS

Databases: MySQL

Tools & Platforms: Git, GitHub, GitHub Actions, Vercel

Other: [Add if any: Linux, Figma, etc.]

PROJECTS

Logistics Management System | github.com/KethmikaEdirisinghe/Logistics-Management-System

- Developed a console-based logistics management system in C with efficient data structure design
- Implemented core features including shipment tracking, inventory management, and delivery scheduling
- Utilized file I/O for persistent data storage and structured programming principles
- Achieved 95% code coverage and maintained clean, modular code architecture

Flood Relief Management System | github.com/Sanduni475/Flood-Relief-Management-System-Group12 (Group Project)

- Collaborated with team members to design and develop a PHP/MySQL web application for disaster relief coordination
- Contributed to database design, backend logic, and user authentication systems
- Implemented responsive user interfaces and optimized database queries for performance
- Managed version control and coordinated team deliverables using Git

CineBook – Movie Booking System | github.com/EnuriSandupma/DBMS-Project (Group Project)

- Developed a full-featured movie booking platform using PHP and MySQL
- Designed normalized database schema with proper indexing and query optimization
- Implemented payment processing, seat selection, and reservation management
- Created admin dashboard with analytics and booking management features

Personal Portfolio Website | github.com/KethmikaEdirisinghe/Personal-Portfolio-HTML-CSS-

- Created a responsive, modern portfolio website using HTML and CSS
- Implemented mobile-first design principles and cross-browser compatibility
- Showcased projects with descriptions, technologies, and GitHub links
- Optimized for performance and accessibility following web standards

ACHIEVEMENTS & CERTIFICATIONS

HackerRank Profile: hackerrank.com/profile/kethmikaed

SOFT SKILLS

Problem-solving & Analytical Thinking • Teamwork & Collaboration • Communication & Documentation • Time Management & Organization • Adaptability & Quick Learning • Continuous Learning & Self-Improvement
